██████████ who has occupied the position of Chief of the Clinical Division, Office of Medical Services, has been re-assigned recently to the Life Sciences Division, Office of Scientific Intelligence, SM/INT. The position of Chief, Clinical Division has been and continues to be the point of contact and responsibility within the Office of Medical Services on all clinical matters. It would seem desirable that such relationship and responsibility continue. Accordingly, it is suggested that ██████████ who has been appointed Acting Chief of the Clinical Division, be considered the nominee to succeed ██████████ as Medical Advisor. Dr. ██████████ is a well-qualified physician, interested in clinical matters, and especially interested in the growth and development of the Agency.
